We would like acknowledge the whole team of Physics Wallah (PW) Vidhyapeeth, Bhilai, the director Mr. Himanshu Pandey and the dedicated faculties who assisted our students.

We extend our heartfelt gratitude to our students, mentors and advisors.

WIDER REACH HOLISTIC APPROACH

Our commitment doesn't end there. BECT goes above and beyond mere financial assistance. We are dedicated to guiding and supporting these students every step of the way. Our team diligently monitors their progress on a daily basis, maintains constant communication with their subject faculties, and swiftly resolves any challenges they may encounter.

Beyond the confines of Durg district, we have spread our wings across various districts in Chhattisgarh, including Jangir-Champa, Kawardha, Dhamatri, Mohala Manpur, and Balod.

Every year BECT holds a talent search exam to find the aspiring students for JEE NEET coaching.

In 2017, the no of students who took BECT talent search test was only 100. But as BECT spread its wings more than 2000 students participated in our BECT Talent Search exams in 2023, from which we meticulously identified the top 80 students and made them JEE NEET coaching available to these selected students in the esteemed institute “Physics Wallah (PW) Vidhyapeeth”, Bhilai.

Ek aur Ek Gyarah

We are delighted to share the latest collaboration with O.P. Jindal University, Raigarh, with whom we were able to enroll 11 deserving girl students in B.Tech and Biotechnology courses through the university's Yashasvi scheme.

In this transformative alliance, O.P. Jindal University generously offers college education devoid of fees, coupled with complimentary hostel accommodations and meals.

We extend heartfelt gratitude to the entire team at O.P. Jindal University, with special appreciation for Dr. Pranjal Kumar (Assistant Professor), whose dedicated efforts have been instrumental in facilitating this partnership.

SKILL TRAINING HIGHLIGHTS

Fashion, Interior & Beauty Parlour Course >>>

BECT proudly celebrates the successful culmination of its second-year skill development program, dedicated to empower girls from economically weaker section. These 40 students underwent specialized training in Fashion Designing, Beauty Parlor, and Interior Design at the prestigious Phoenix Institute.

Sponsored by BECT, the training program equipped these students with invaluable skills and knowledge essential for thriving in the Apparel, Real Estate, and Beauty industries.

Skill Based Computer Course >>>

This year, BECT has also collaborated with BDS College and we aim to bridge the gap between professional computer skill based training and education imparted in school through Tally course at BDS College. We are happy to share that 10 girl students will be industry-ready as they get the certificates. BDS College is providing intensive four-month training to these selected students along with the placements.

As a trend this year, we continued to offer spoken English classes to 50 students at Dev Spoken English Institute. Our sincere gratitude to Deotirth Sahu, Director of Dev Spoken English, for his valuable support and commitment to helping these students achieve fluency in English speaking.

SPOKEN ENGLISH

Additionally, we have introduced online practice sessions, facilitated by one of our trustees, Mrs. Juhi Shukla, who generously dedicates 1-2 hours every week to enhance the learning experience for the students.

CAREER GUIDANCE HIGHLIGHTS

From August 23 to January 24, we conducted a series of impactful sessions:

Our team delved into enlightening Career Guidance sessions, shedding light on the remarkable opportunities within esteemed Indian Institutes such as ISRO, BARC, and DRDO. Ms. Aditi Donode, a distinguished volunteer holding an M.Tech from NIT Trichy and qualified by BARC, took the lead for the same.

ADVISORY BLOG

Our religious and cultural values say, a person gets everything in his lifetime from the society therefore it is imperative on his part to repay the debt in some or the other form to the society as a token of gratitude. A few people realise this and do whatever they can do, though the methods can be different. The members of BECT belong to this category of people.

I appreciate all those associated with BECT for their altruistic attitude which is manifested in the form of charity they do to the society which they feel they owe. Their method is, by making education available to the children of the deprived section of the society, as the main activity undertaken by them wherein they help deserving students prepare for the competitive exams through competent coaching institutions, well versed in the task. The process needs money and supervision which the BECT supplies and does with a great sense of responsibility. Their efforts have borne fruits in the form of selections in NEET, JEE and NITs. Besides this as I see, BECT also conducts Quiz competitions, involving large number of students from government schools in the vicinity of Bhilai, in a very professional manner. BECT also arranges classes for personality development and spoken English for aforesaid students. Though I am not able to actively participate in all the activities of BECT yet I do my bit as and when asked by Mr. Ritesh the BECT C.P.O. in different ways. The actions of BECT are impressive and inspiring. Their meetings are serious and mean business. I earnestly urge other citizens as well who selflessly wish to do something charitable with the knowledge and skills they possess, to come forward for the children of the deprived lot under the banner of BECT. It will definitely give a sense of fulfilment and satisfaction, which one always feels after doing something good, as the quotation aptly says:

“The best way to find yourself is to lose yourself in the service of others”

I wish all the best to the BECT team.

Mr. Rajkumar Sharma
